

Cookie Notice

Octane

Last revised: October 6, 2021

What is a cookie?

A cookie is a small text file placed on your device by the websites that you visit. Cookies are then sent back to the website on each subsequent visit, or to another webpage that recognizes that cookie. Cookies are used in order to make the website work, or to work more efficiently, as well as to provide information to the owners of the website. Such information may be used to provide a more personalized and responsive service. Cookies may be either first party cookies set directly by us to your device, or third-party cookies set by a third-party provider on our behalf. Whenever you use this Website, information may be collected through the use of cookies and other similar technologies (e.g., web beacons, tags, scripts, local storage).

Please note that this Cookie Notice is part of our [Privacy Notice](#).

Cookie Categorization

Cookies are usually classified into any one of the following categories:

- “Strictly Necessary” cookies are necessary for the Website to function and cannot be switched off in our systems. They are usually only set in response to actions made by you which amount to a request for services, such as setting your privacy preferences, logging in or filling in forms.
- “Analytics and Performance” cookies allow to track analytics by counting visits and traffic sources to measure and improve the performance of any Website. They may be set by the application team or by third party providers (e.g., Adobe, Akamai, Brightcove, Qualtrics) to know which pages or videos are the most and least popular and see how visitors move around the Website.
- “Functional” cookies enable the website to provide enhanced functionality and personalization based on your interaction with the Website. They may be set by the application team or by third party providers, such as Adobe, whose services have been added to the website's pages.
- “Advertising and Targeting” cookies may be set through the website by advertising partners, such as Adobe. They may be used by those companies to

build a profile of your interests and show you relevant advertisements on other websites.

- “Social Media” cookies are set by social media services (e.g., Twitter, LinkedIn, Facebook) that have been added to the Website to enable you to share our content with your friends and networks. These cookies are capable of tracking your browser across other websites and building up a profile of your interests. This may impact the content and messages you see on other websites you visit.

Below is the list of the cookies that are used by Octane:

Strictly necessary cookies

Always Active

These cookies are necessary for the website to function and cannot be switched off in our systems. They are usually only set in response to actions made by you which amount to a request for services, such as setting your privacy preferences or filling in forms.

Name	x-oidp-session<GUID>
Host	octane.deloitte.com
Duration	Session; Saved only in SSO mode
Type	First party
Description	Contains encrypted information about the SSO authentication process

Name	access_token
Host	octane.deloitte.com
Duration	Session; Saved only in SSO mode
Type	First party
Description	Contains encrypted SSO access token

Name	LWSSO_COOKIE_KEY
Host	octane.deloitte.com
Duration	Session
Type	First party
Description	Contains encrypted access token; saved during LDAP authentication

Name	XSRF_COOKIE
Host	octane.deloitte.com
Duration	Session
Type	First party
Description	Used for protection against CSRF attack

Name	OCTANE_USER

Duration	Session
Type	First party
Description	Contains encrypted access token for interactive API. Saved only if interactive API is used.

Name	S_OCTANE_USER
Host	octane.deloitte.com
Duration	Session
Type	First party
Description	Contains the client id (in Base64 format) of the API key used in interactive API. Saved only if interactive API is used.

How long will cookies remain on my device?

The length of time cookies will stay on your device will depend on whether it is a “persistent” or “session” cookie. A persistent cookie will be stored by a web browser and will remain valid until its set expiration date, unless deleted by you before the expiration date. A session cookie, on the other hand, will expire at the end of your web session, when the web browser is closed.

How can I control cookies?

You may be able to change your browser settings to manage and control cookies. You can find detailed information on how to do so at <http://www.aboutcookies.org/>

Changes to this Cookie Notice

We may modify or amend this Cookie Notice from time to time at our discretion. When we make changes to this notice, we will amend the revision date at the top of this page, and such modified or amended Cookie Notice shall be effective as to you and your information as of that revision date.

We encourage you to periodically review this Cookie Notice to be informed about how we are using cookies.
